The SayIT App is Ready To Go

App availability and ratings

The SayIT app is now available for IOS and ANDROID devices in the App Store and Google Play. Its distribution to the public followed after the evaluation and review by a total of 280 users, which consisted of computer science professionals, students and professors in relevant faculties as well as employees in the field of IT. Each partner, 7 in total, delivered 40 evaluations from users of its country of origin. The majority of the evaluations were positive, while they contained important suggestions and comments related to the further improvement of the functionality, content, usability and appearance of the application.

LTTA in Heraklion, 09-13 May, 2022

The Heraklion Chamber, as the only partner from Greece participating in this project, undertook the organization and hosting of the LTTA (Learning Teaching Training Activities) in May 2022. Participants from the Partners' organization received training on the procedures for the implementation of the project's deliverables, curriculum and mobile app. The 5 day training was also a preparation for piloting the mobile app.

Final project activities include the organization of national multiplier events and the partnership meeting in Lisbon.
